

ANGEL'S HUB SCHOOL

(An English Medium Co-Educational School)

☎ 9571331047

Welcome Back to the Studies.....

Dear Parents/Guardians,

Greetings from Angel's Hub School!!!

We stand with you strongly in these challenging times and hope you and your family stay safe and secure. As we all know that effective communication between school and parents as together is responsible for grooming a child into a better human being.

The school is going to resume the online classes of different subjects as per syllabus from **Wednesday 1st July, 2020**. Courses conducted in these classes in April and May will also be revised and the syllabus will also be carried forward. But classes from July will not be repeated further. So, stay connected with the school's WhatsApp number and make sure to have your ward's homework completed on time. The school will soon start as per the official guidelines.

Our staff has been working from home, preparing lesson plans and assignments for students to deliver the teachings in the most possible effective manner.

Note: Please ensure that your ward has the required textbooks and notebooks as prescribed by the school and other required stationery items.

Please try to manage a proper classroom-like space for your child away from the family members and home disturbances.

Please go through this timetable as the online classes will be conducted according to it.

Time-Table
